# 106 NEWLY-RELEASED PART NUMBERS

COOLANT TUBES, TURBOCHARGER OIL LINES, SERPENTINE KITS, AND MANY OTHERS COVERING MILLIONS OF VEHICLES ON THE ROAD TODAY

### Three New Gates Complete™ Serpentine Kits

A complete kit lets shops perform a complete repair of the serpentine system with just one part number. That's why we have continued to introduce new serpentine kits. Our newest part numbers each cover over one million vehicles on the road today.

### Coolant Tubes: All-New Import Coverage

Our new coolant tubes serve over 700,000 vehicles on the road today, focusing on European imports.

### Turbocharger Oil Lines: Industry-Leading Coverage

Our latest release includes 13 new numbers, which include necessary hardware like gaskets for a complete repair, bringing our total line to an industry-leading 61 part numbers covering millions of vehicles currently operating.
